### Our Mission

Beit T'Shuvah's mission is to heal broken souls and save the lives of those wrestling with addiction by providing integrated care in a community setting. We believe everyone has the right to redemption, which is why we never turn a single soul away due to their inability to pay.

Dear Josh,

I am so sorry for the delay in responding to your application. We approved you even before I received the application back from you, and then I forgot to let you know. Not to make excuses, but I am training someone new in the alternative sentencing office, and I had asked her to type up your application, which kind of messed up my system of organizing who I owe letters to. When your mom called, I was mortified to see I had forgotten to write you back. At any rate, I hope the positive news makes up for my error.

Please make sure you continue to stay in touch, and keep me apprised to any changes on your release date. I know that you said that you expect to be out in 2024, but right now the BOP system still says your projected release is May of 2026. I also expect that you will be expected to do six months in a federally contracted halfway house before coming to us, correct?

I'm going to keep this brief, so I can get it off to you. I am guessing your mom already told you the news but, just in case...

Hope to hear back soon.

Carrie Newman  
Alternative Sentencing Coordinator
